  - Move from one test to the other as efficiently as possible, but DO NOT PANIC, marshalls are aware of those of you who have multiple tests to run.
  - As much as possible, run tests in catalogue order.
  - Lunches will be delivered to Hunter's for those who have pre-ordered.

*For those entered in the Lakehead Kennel Club booster:*

- Head to the field headquarters for directions as soon as possible following the booster, but DO NOT PANIC. Marshalls are aware of those of you who are entered in the booster.
- If for any reason you decide not to run the field event, PLEASE be sure to let us know so we are not holding the test for you.
