Enjoy Your Own 360° Panoramic Valens Virtual Tours

TO CONTROL YOUR OWN VALENS VIRTUAL TOURS:

- Click on any Virtual Tour of your choice. You can stop the image from panning by clicking anywhere in the viewer.
- You can control the camera movement yourself by left-clicking your mouse button anywhere in the Viewer Window, then hold the left mouse button down and drag the image in any direction - **up & down, and all around!**
- You can also control your Virtual Tour by using the navigation buttons at the bottom of each Virtual Tour screen, you can even zoom in on any area.

The Virtual Tours require the Java Runtime Environment. If your tours don't load, simply Click [here](#) to download the Java Runtime Environment plugin.
